Title: Outpost

Author: Craig

Vincent was a fool to allow us to set up a camp in such a obscure place, instead of looting and plundering all day, we get to relax and enjoy life. Since we are so far away, he buys the excuse that this is a rotten location to explain why we send him so little money.

Since I have been not too busy, I have had a chance to contemplate what these necklaces are for. I have the faintest idea was "Sam" means nor why it's enscribed on my necklace, but my mistress says swears it belongs to my wife, which it doesn't.
